Find your Wedding productivity happy place!

a Note on what you receive: a common customer concern is being overwhelmed by the massive amount of notes/templates.

I'd like to address that with a thought: If you purchase a paper planner/book from the store, how many pages would you expect inside?

57 "notes" of articulate planning/doing/reviewing progress etc. And it's reusable! I call that environment-friendly. Don't let the digital frighten you away from the logical. Imagine a Kindle book ready for you to engage and write your own story!

Now you can see the genius magnitude of more...

YOU WILL RECEIVE

- 5 complete, Evernote Notebooks (Applicable for Evernote paid & free accounts)
- Inside the Notebooks, 57 wedding templates
- Individual Tutorial PDF with screenshots: Applicable for Evernote.
- Individual Tutorial Video instruction with hands-on Template Activation
- Fast track link for those versed in Evernote
- In Evernote language; you download 5 fully functioning "Notebooks" one-touch-link via ENEX file. It's that easy! Kristen will show you!
- Bonus Christmas Closet Template & Christmas Wedding/Anniversary memories.
- Bonus Evernote Support: Live Zoom Classes for viaKwambach customers (Priceless) Plus and Evernote Helps YouTube Playlist
- This template Supports the Technically Challenged and Evernote Newbie!
- BONUS: 101 Calligraphy graphics, flourishes, swooshes & finials. Perfect match for your wedding stationery needs.

Your Wedding day is more than "Google sheets" keeping numbers and dates. The hidden secret is... you walk away with the most valuable relational tool out there, the ability to organize, communicate and plan.
